8.1 Classrooms and Learning Facilities

Classrooms

Adequate well-equipped classrooms to meet the curriculum

8.1. A. Adequate well-equipped classrooms to meet the curriculum (10)

ISBR ensures that its physical infrastructure fully supports the academic and pedagogical needs of a contemporary business school. The institute provides **adequate, spacious, and well-equipped classrooms** that enhance the learning experience and align with the evolving requirements of management education.

Each classroom is designed to foster interactive learning and facilitate the use of modern teaching methodologies. Key features that make ISBR classrooms well-equipped include:

- **Smart Classroom Technology**: All classrooms are equipped with high-resolution projectors, motorized screens, smart boards, and audio-visual systems to support multimedia teaching and virtual sessions.
- **High-Speed Internet Connectivity**: Seamless Wi-Fi is available across all classrooms to facilitate online research, digital learning platforms, and hybrid teaching.
- **Ergonomic Seating and Lighting**: Classrooms are furnished with ergonomic chairs and desks to ensure comfort during long academic sessions. Proper ventilation and lighting support a conducive learning environment.
- **Air Conditioning**: All classrooms are fully air-conditioned, maintaining a comfortable indoor environment irrespective of weather conditions.
- **Flexible Layouts:** Several classrooms have modular seating arrangements that can be reconfigured for group discussions, workshops, or case-based learning.
- **ICT Integration**: Classrooms are integrated with the Learning Management System (LMS) used by ISBR, enabling faculty to deliver content, manage attendance, and conduct assessments efficiently.
- **Accessibility**: Classrooms are accessible to differently-abled students, in line with inclusive infrastructure policies.

Learning Facilities

B. Availability of E-learning facilities, utilization; initiatives to ensure students learning

ISBR demonstrates a strong commitment to enhancing student learning through the integration of robust e-learning facilities and digital academic initiatives. The institution recognizes that technology-enabled learning is essential for a modern business school and continuously invests in platforms, tools, and training to support this.

Students at ISBR have access to a wide range of **e-learning resources**, both synchronous and asynchronous, to complement classroom instruction and promote self-paced learning. These platforms are not only used for academic delivery but also for assignments, evaluations, peer discussions, and accessing curated content from global sources.

The following e-learning facilities and initiatives are commonly available at ISBR and are aligned with best practices seen across reputed B-schools:

E-Learning Facilities and Initiatives

- **Learning Management System (LMS)**: Centralized academic portal for lecture content, assignments, quizzes, and feedback
- **Online Course Access**: Integration with MOOCs such as **Coursera**, **edX**, or **SWAYAM** for certification courses and electives.
- **Virtual Classrooms**: Use of platforms like **Microsoft Teams**, **Zoom**, or **Google Meet** for live sessions, guest lectures, and webinars.
- **Recorded Lectures**: Provision of recorded classes to ensure flexibility and access for revision.
- **Digital Library Resources**: Subscriptions to e-journals, databases
- **Case Study Repositories**: Access to management case databases such as **Harvard Business Publishing** or **Ivey**.
- **Simulation Tools**: Business simulation platforms for experiential learning (e.g., **Capsim**, **Marketplace**, **Harvard Simulations**).
- **Plagiarism Detection Tools**: Use of **Turnitin** or **Grammarly** to promote academic integrity.

## From Strategy to Success: PGDM Students Excel in the Harvard Business Simulation

At ISBR Business School, our PGDM students recently engaged in the Harvard Business Simulation, a high-intensity exercise that tested their strategic thinking and decision-making skills. This immersive experience required them to navigate market challenges, negotiate high-stakes deals, and make data-driven decisions under pressure. By steering their virtual companies to success, they honed their ability to anticipate market shifts, manage risks, and optimize resources—essential skills for future business leaders.

Unlocking Global Market Insights with Bloomberg!

In today's rapidly evolving financial landscape, having access to real-time data and cutting-edge tools is essential for anyone looking to make their mark in the world of finance. At ISBR Business School, students are given a unique opportunity to bridge the gap between classroom theory and real-world financial applications through Bloomberg, one of the most powerful tools in the finance industry.

Amey Shroff

8.2 Library

A. Availability of relevant learning resources including e-resources and Digital Library

The ISBR Library serves as a vital academic resource center, offering a comprehensive collection of textbooks, reference books, journals, periodicals, and research publications aligned with the curriculum. In addition to physical resources, the library provides access to a rich array of **digital and e-resources.** Students can also access e-books, online case studies, and management magazines to support academic and professional development.

B. Accessibility to Students

The library is easily accessible to students for extended hours on all working days, including weekends during examination periods. A **digital library portal** allows 24/7 remote access to subscribed e-resources, ensuring continuous learning support. The facility is student-friendly, with designated reading zones, Wi-Fi access, and computer terminals to access online content seamlessly.

8.3 IT Infrastructure and Learning Management System

IT Infrastructure

Availability of composite hardware, software, network resources and services required for the existence, operation and management of an institution's IT environment

ISBR maintains a robust and scalable IT infrastructure to support the academic, administrative, and operational needs of the institution. The campus is equipped with high-speed internet, secure Wi-Fi connectivity, dedicated servers, computer labs, firewalls, licensed software, and cloud-based platforms. These resources ensure seamless integration of digital tools in teaching, learning, and institutional management. Regular IT audits, data backup protocols, and cybersecurity measures are in place to maintain system reliability and data integrity.

Learning Management System

8.3 B

B. Availability of LMS related core functionalities like sharing of learning resources, Assessment and external learning linkages, 24/7 learner support, Discussion Forums and learner engagement (15)

ISBR uses a fully functional Learning Management System (LMS) that facilitates the sharing of learning materials, assessments, recorded lectures, and links to external resources such as MOOCs. The LMS supports 24/7 student access and includes features like discussion forums, assignment submissions, grading tools, and learner engagement dashboards. The system enables blended and remote learning models while ensuring timely academic support and transparent communication between faculty and students.

The Digital Life Cycle of Students and Faculty at ISBR:
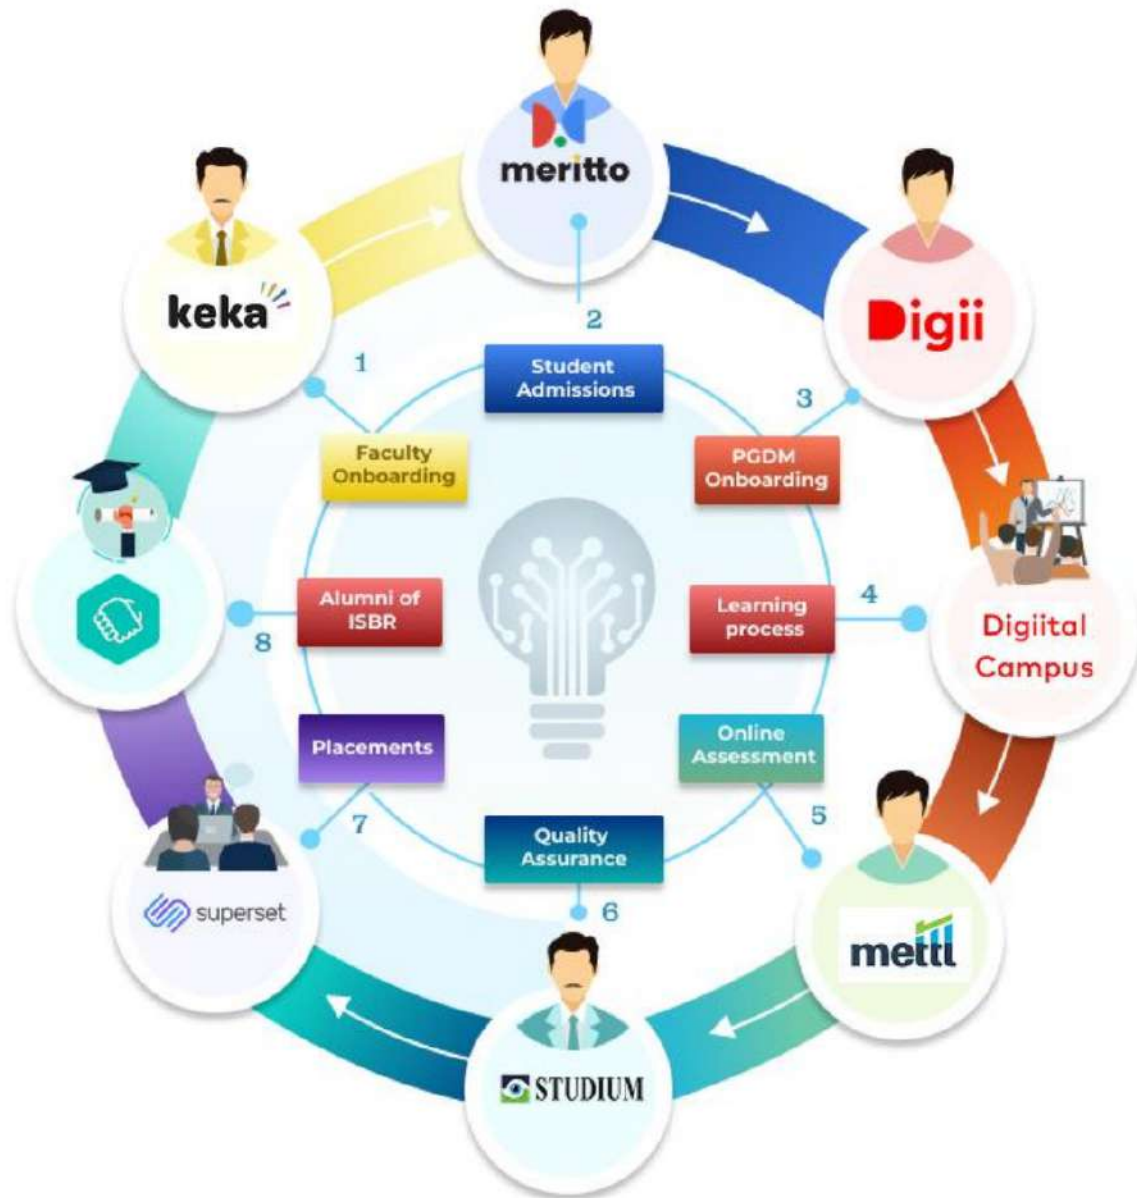

1. Digii Campus

Digiicampus is a comprehensive digital platform designed to streamline and enhance the operations of educational institutions. It integrates various modules to support academic, administrative, and campus life activities, providing a unified system for all stakeholders.

2. KEKA

Keka is a comprehensive cloud-based Human Resource Management System (HRMS) and Payroll platform designed to streamline HR operations for organizations of all sizes. It offers a suite of tools that automate and simplify various HR functions, enhancing efficiency and employee experience

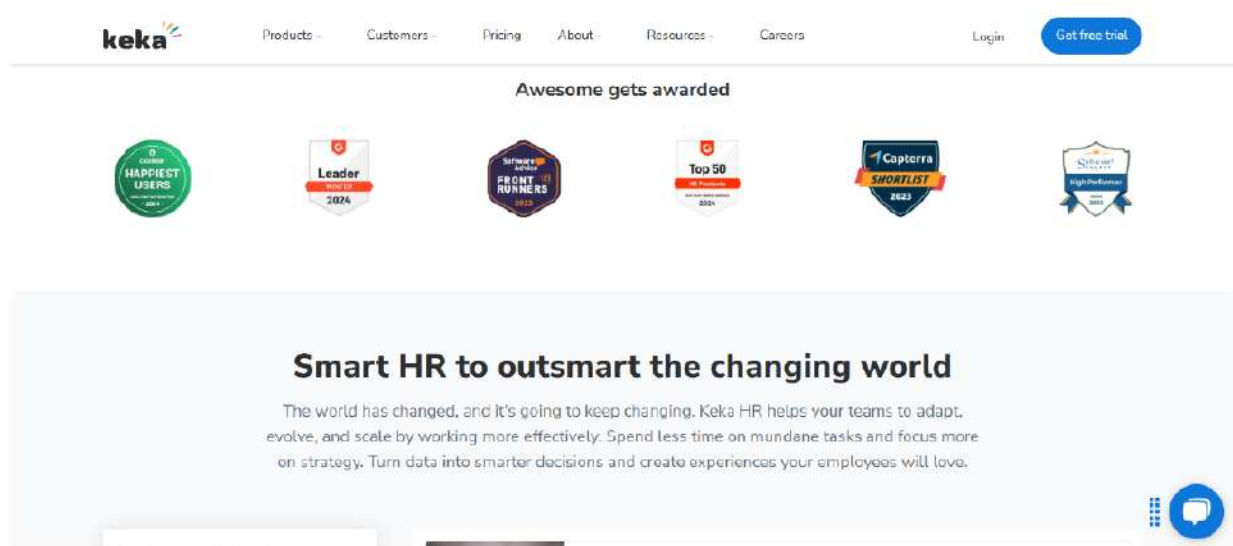

3. Meritto

Meritto is a comprehensive Admission Management and Education CRM platform designed to streamline and enhance the enrollment processes of educational institutions. It offers a suite of tools that automate and simplify various functions, from lead generation to final enrollment, ensuring efficiency and improved applicant experiences.
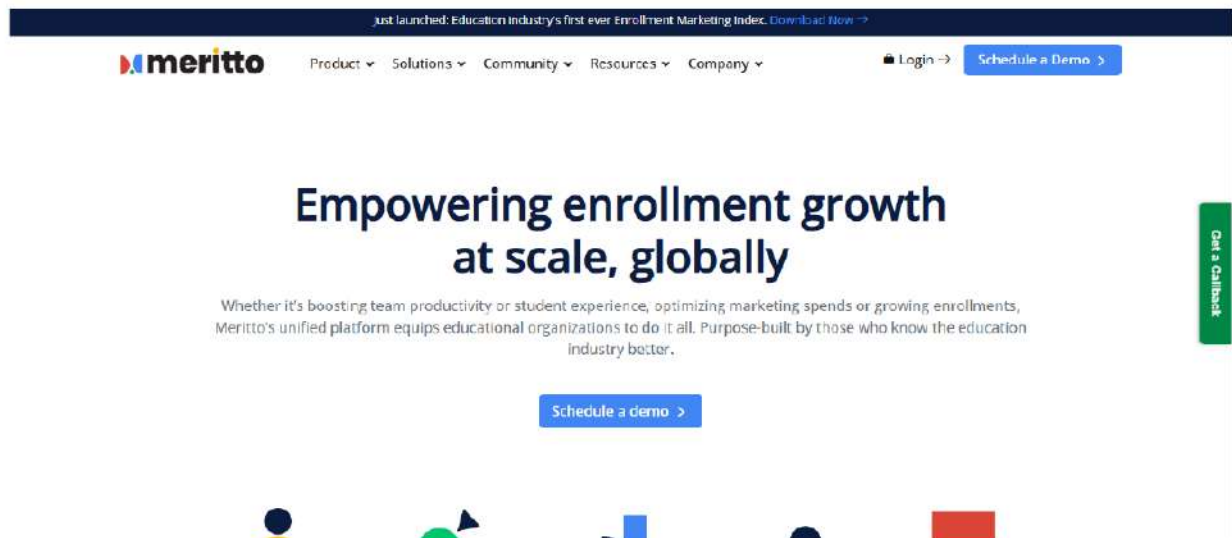

4. SuperSet

Superset is a comprehensive campus recruitment automation platform that streamlines the entire placement process for educational institutions like ISBR. It facilitates seamless collaboration between universities, students, and employers, enhancing efficiency and transparency in campus placements.
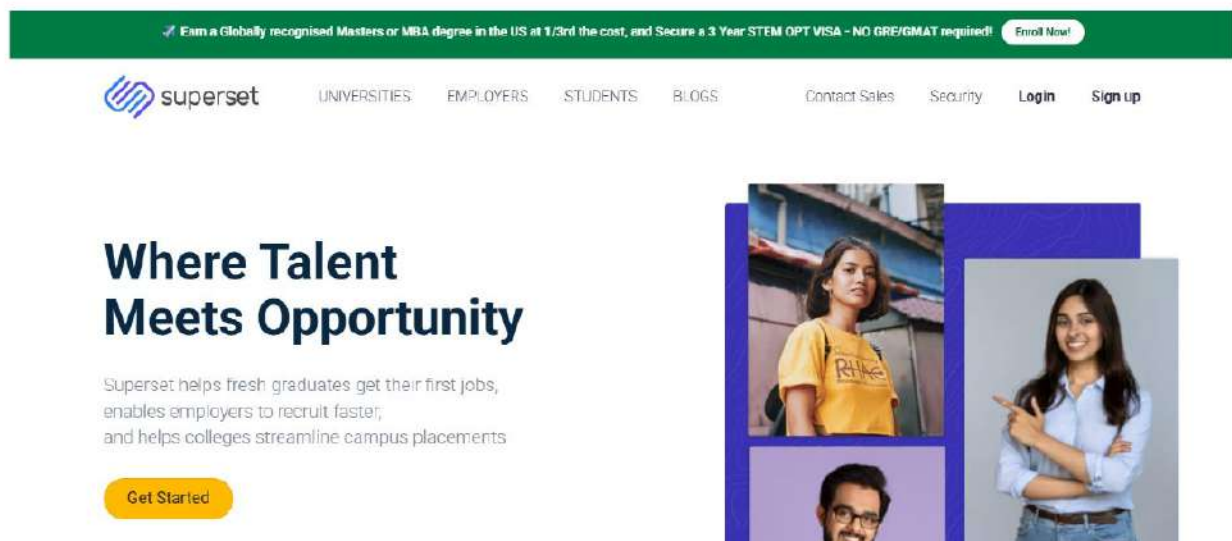

5. Mettl

Mettl is a comprehensive online assessment platform that offers a suite of tools for conducting secure and scalable evaluations. For institutions like ISBR, integrating Mettl can enhance the integrity and efficiency of academic assessments

6. Almaconnect

AlmaConnect is a comprehensive alumni engagement platform designed to help educational institutions and corporations build, manage, and leverage their alumni networks effectively. The platform offers a suite of tools that facilitate communication, career support, event management, and community building among alumni.

7. Studium Tech Pvt Ltd.

Studium Tech Pvt Ltd is proud to partner with ISBR to provide state-of-the-art IT infrastructure and digital solutions that enhance the overall educational experience. Our collaboration ensures robust, reliable, and scalable technology platforms that support seamless learning management, digital assessments, and efficient administrative processes.

https://www.studiumtech.in/
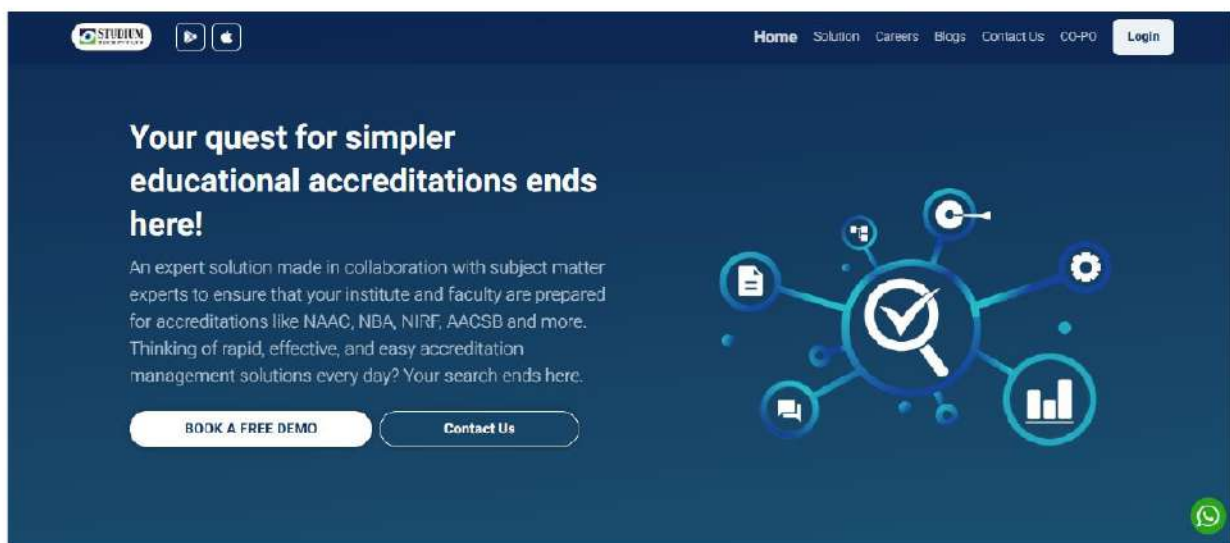

ISBR provides a well-organized administrative setup and essential amenities to ensure a comfortable and functional campus environment. The institute has dedicated office spaces for administrative and academic staff, along with well-maintained amenities such as **clean and accessible toilets**, a **student common room**, a **stationery and reprographic facility,** and a **cafeteria** offering hygienic food options. Additionally, the campus houses a fully equipped **auditorium** for seminars, guest lectures, and cultural events, supporting both academic and extracurricular engagement. These facilities contribute to a conducive learning atmosphere and smooth day-to-day operations.
